

CSI NORTHWEST REGION CONFERENCE

CSI “Water”, The good, The Bad, and The Ugly
August 23 – 26, 2007

Here is some “Good” water news.

Salem’s drinking water was recently voted the “Best in the West” at the Spring Conference of the Pacific Northwest Section of the American Water Works Association. The competition highlights the high quality of municipal drinking water supplies. A panel of independent judges selected Salem’s drinking water from six entries from around the Pacific Northwest. The water samples were judged on taste, odor, appearance, and aftertaste.

Congratulations Salem.....which just happens to be the site of our 2007 NW Region Conference. Come join us, meet new friends, and enjoy a free glass of award winning drinking water.

Also a quick reminder of some previous “news flashes” of additional conference activities that we are encouraging:

The **Oregon Garden & Wine Tour** on Thursday and the **Technical Artistry Salon and Micro Spa** by appointment.

And don’t forget the **Golf Tournament** also on Thursday.

See the Northwest Region Conference link at www.csinwr.org for additional information.
